

Cairo radio said King Hussein of Jordan arrived in the Egyptian capital to a hero's welcome to meet with four Arab government chiefs gathered there. He was welcomed by President Gamal Abdel Nasser.

Already in Cairo were President Houari Boumediene of Algeria and Nourreddin Atassi of Syria. Both are following a hard line toward Israel, and Algeria has refused to accept the 1949 cease-fire that halted the Israeli Arab war June 10 after six days of fighting.

President Abdel Rahman Arif of Iraq is expected to join the other four later in what will be a little Arab summit conference but not the kind envisaged by Hussein, who wants all Arab nations represented.

There was speculation that Hussein would urge moderation toward Israel, since he lost the Old City of Jerusalem, a source of tourist income, and the good farming land on the west side of the River Jordan in the war with Israel. If so, he will clash with Boumediene and Atassi.

An Israeli army jeep hit a mine on a road east of the Suez Canal Sunday, killing one soldier and wounding two others.

# GOP Has Plans for De-Escalating War

WASHINGTON (AP) — Eight Republican congressmen proposed today a unilateral diplomatic initiative by the United States for a step-by-step de-escalation of the Vietnam war.

The group said the United States should halt all bombing in North Vietnam north of the 21st Parallel for 60 days. This area includes Hanoi but not the port city of Haiphong.

If North Vietnam responded with a de-escalation move of its own within 60 days, the United States would then halt bombing north of the 20th Parallel for a 60-day period—and so forth through five steps.

Assuming that both sides would respond in turn in this de-escalatory process, both the U.S. bombing of the North and the North Vietnamese infiltration into the South could come to an end, the Republican congressmen said.

Otherwise, they added, the U.S. bombing of North Vietnam would continue.

The proposal was outlined in a statement prepared for a news conference.

No Arab government has committed itself to such a move. The Arab League has urged the Jewish state to begin occupied lands. The all beyond a counting bank Sunday and that Israeli time only.

Rep. J. Bradford Morse of Massachusetts, spokesman for the group, said if this plan of small steps were successful, "a spirit of confidence might emerge" between the United States and Hanoi which could lead to peace negotiations, a similar staged de-escalation in South Vietnam or both.

"By halting the bombing in stages, by starting the cessation in northern North Vietnam and gradually working southward, and by tying each successive stage to equivalent North Vietnamese reductions in its support operations to the South, the plan minimizes the military risks of the United States," Morse said.

Morse said the plan was not put forward as a panacea for settling the Vietnam war but seemed to offer more promise than the present war policy of the Johnson administration or the alternatives suggested by either those who oppose the war or those who want it stepped up.

By REX THOMAS HOUSTON, Tex. (AP) — Gov. Lurleen Wallace of Alabama entered surgery this morning for an exploratory operation for a malignant tumor.

Doctors were to determine the extent of malignancy and, if possible, to remove the tumor from the 40-year-old state executive in an operation expected to last several hours.

Doctors said they hoped to be able to tell what the operation revealed when a medical opinion is issued at a later date. The malignancy first detected three weeks ago by doctors in Montgomery, Ala., was con-
