Detroit -(AP)- Higher price tags for most lines of the nation's new passenger cars were being figured out today.

Some of the boosts, expected to

run from about \$65 on the lowest priced cars to as much as \$250 on higher priced models, probably will be effective by the end of next week.

Authorization to make the increase under a complicated formu-la that would raise prices an estimated five to six per cent was given the industry yesterday by the office of price stabilization.

In the air war 25 Allied jets battled 40 Russian-type MIG-15s high over northwestern Korea in a 25minute battle. No damage to either side was reported.

Fighters and light bombers of the Fifth air force ranged the skies in 440 missions against sup-ply and transportation facilities.

There still were no firm indica-tions of a major Communist of-

fensive. There were no reports of ground action from the east or east-central fronts.

Northeast of Korangpo, Chinese Reds swarmed up a hill behind a heavy artillery barrage and drove

Allied infantrymen off.

It was the Reds' second attack on the peak. They tried to take it Saturday morning, but were pushed back and pounded by barrages of Allied artillery.

A Chinese regiment was reported holding two hills forward of U. N. lines in the center of the old "iron triangle." A pooled dispatch from the front said Allied troops were falling back.

Another report said Reds drove the Allies from a hill position

southwest of Kumsong, farther to the east. No details were given. An Allied patrol in the area where a Red regiment surrounded an Allied outpost until Thursday night found 120 Communist bodies and a number of fresh graves.

An Allied intelligence officer

said the fact bodies were left un-buried indicates the Reds left the eros in a hurry.
